## Skills

---

- Data Structure and Algorithms in Java
- MongoDB, Node.js, Express.js, React.js, Next.js, Tailwind CSS, Bootstrap
- SQL, C, JavaScript
- Git, GitHub

## Education

---

**Galgotias College Of Engineering And Technology**, BTech-CSE

2023 – Current

- GPA: 8.62/10.0

## Projects

---

### Wanderlust – Airbnb Clone

- Developed a full-stack Airbnb clone that allows users to browse and list accommodations with a seamless and responsive user interface. Implemented user authentication for secure login and registration, ensuring data privacy and access control.
- Tools Used: Node.js, Express.js, MongoDB

### Automated Resume Builder

- Developed a web-based Automated Resume Builder, allowing users to generate professional resumes dynamically. Implemented interactive form inputs to collect user data and generate a structured, well-formatted resume in real-time.
- Tools Used: HTML, CSS, and JavaScript

### PassOp–Password Manager

- Developed PassOp, a secure and efficient password manager that allows users to store, edit, and delete passwords in one place, ensuring easy access and management. Designed with data security in mind, implementing best practices for safe password storage and retrieval.
- Tools Used: React (Vite), Tailwind CSS

## Experience

---

**β-Microsoft Learn Student Ambassador**, @Microsoft

April 2025 - Current

- Organized and hosted technical events to promote Microsoft technologies like Azure, GitHub, and Microsoft Learn among student communities.
- Collaborated with a global network of ambassadors to foster peer learning and drive campus engagement initiatives.

**Leader**, Smart India Hackathon

2024

- Led a team in the Smart India Hackathon (SIH) 2024, working on innovative solutions in transport, healthcare, and governance sectors.
- Managed project planning, team coordination, and technical implementation using the MERN stack and various APIs.

**Technical Club Coordinator**, @GCET

2025 - Current

- Currently serving as a Technical Club Coordinator, where I lead and manage technical events, workshops, and coding competitions.
